Sir

Sub: TN Consortium of Farmer Producer Company Ltd – State Level Apex
Producer Company for Support and services to member FPOs- Purchase of
shares reg

SFAC, GOI had made a decision to support the incorporation of State **Level Farmer Producer Company Ltd**, as an umbrella company, to offer services to all district level FPOs. All state apex producer company ltd in India would join and incorporate **Bharat Kisan Producer Company Ltd** as national level producer company ltd. The State level FPCL will not undertake any business on its own except providing paid services to member FPOs and will not become competitor to member FPOs. FPCs of EPFPCL and Dhan Foundation have jointly incorporated *Tamil Nadu Consortium of Farmer Producer Company Ltd* as apex FPCL for Tamil Nadu. The prime mandate of the TN Consortium FPC Ltd is to offer managerial support and specific guidance to address the critical issues of the member FPOs and establish market for the produces and products by networking among and between the FPOs in TN as well as FPOs across the country to broaden the market spectrum. Hence, I would request your esteemed FPO to become a shareholder in the TN Consortium of Farmer Producer Company Ltd (by buying 100 No of shares of Rs.100 value each ie Rs. Rs10,000) and avail the focused services to manage the challenges of nascent FPOs in all spheres.

The application and resolution documents are attached for perusal

Thanking you,

Yours Sincerely

(E.Vadivel)
